Speakers :

Graham Burns

Prof. A.G. Ghoshal

Dr. Raja Dhar

Dr. B V Murali Mohan

Sessions :

Respiratory Physiology

How the lungs work. The questions so basic you forgot to ask. The complex respiratory physiology you've known since the age of two!

Arterial Blood Gases

A window into the soul. ABGs are easy, but look closely, there's a lot more to see.

Management of Acute Asthma

Management of Acute Exacerbations of COPD

Vertilatory strategies in OAD : NIV vs IV

STRUCTURE

Day 1

- 9:00 Welcome - Graham Burns / A.G.Ghoshal
- 9:10 Plenary. Recent Advances in COPD – Peter Calverley
- 9:45 workshop 1
- 11:00 coffee
- 11:15 workshop 2
- 12:30 Lunch
- 13:15 Workshop 3
- 14:30 Workshop 4
- 15:45 Tiffin
- 16:00 Workshop 5
- 17:15 end

Day 2

- 9:00 Plenary. Asthma the Current Challenges – Martyn Partridge
- 9:35 workshop 6
- 10:50 coffee
- 11:05 workshop 7
- 12:20 Lunch
- 13:05 Workshop 8
- 14:20 Workshop 9
- 15:35 Tiffin
- 15:50 Workshop 10
- 17:05 Plenary Panel Discussion – Chair Graham Burns
- 17:25 Evaluation

Time tabling for each workshop sessions:

The delegates are divided into 3 groups A, B, C of 20 each.
